

Consumable Charges

When the amount we receive for your child is not sufficient to cover our standard hourly fees, your bill will include a charge for consumables. Whilst the younger age groups the hourly rate provided by West Berkshire is considerably higher than what we receive for 3-4 year olds when this final year is deemed so important for their school readiness and journey onto more formalised learning.

As per the Department for Education's guidance, these are optional however due to disparity in the funding rates we need these monies to offer the extras and wider activities that we do at Woodlands.

We have tried to keep this cost as low as possible and currently this is £6 per day for 2025.

This includes:
Snacks and Meals
Boogie Mites
Cooking Club
Sports Club
Outdoor led provisions
Teacher led pre school
Leavers Event
Christmas Festivities
Extra curricular visits such as Mini First Aid
